- you have completed the waiting period indicated in the Benefit Summary.

Your dependents become eligible for coverage on the later of the following dates:

You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent	Your dependent must be: • your spouse/partner or your child, and • residing in Canada or the United States. **Your spouse/partner** qualifies as your dependent if they are your spouse/partner in one of the following ways: • by marriage. • under any other formal union recognized by law. • as your partner of the opposite sex or of the same sex who is living with you and has been living with you in a conjugal relationship for at least the last 6 months. You can only cover one spouse/partner at a time. **Your children and your spouse's/partner's children** (other than foster children) are eligible dependents if they are under age 21 and do not have a spouse/partner. A child who is a full-time student under age 25 is also considered an eligible dependent as long as the child is dependent on you for financial support and does not have a spouse/partner. **If a child becomes disabled before the maximum age** and remains continuously disabled, we will continue coverage if they are not able to support themselves financially because of a disability and must rely on you financially. The exception is if they have a spouse/partner. In these cases, you must inform Sun Life within 6 months of the date the child attains the maximum age for this plan. **Ask your employer for more on this.**
How to enrol	*For you* – You must provide the proper enrolment information to Sun Life through your employer. *For a dependent* – You must ask for dependent coverage. As part of the enrolment process, for Extended Health Care, Dental Care and Long-Term Disability, you must elect one of the options of coverage described in the Benefit Summary. You will need to provide proof of good health for the benefits listed below, as outlined in the Benefit Summary section at the beginning of this booklet. This coverage will not start before Sun Life has approved this proof of good health. • Employee Optional Life • Spouse/Partner Optional Life • Child Optional Life • Employee Optional Critical Illness • Spouse/Partner Optional Critical Illness • Child Optional Critical Illness

When coverage begins	Your coverage begins on the date you become eligible for coverage. If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work. A dependent's coverage begins **on the later of** the following dates: • the date your coverage begins. • the date you first have a dependent. If you are not actively working on the date Optional Life or Optional Critical Illness coverage for your spouse/partner or children would normally begin, then that coverage will not begin until you return to active work with your employer.
Changes affecting your coverage	You may change your election of coverage during the annual enrolment period, subject to any lock-in periods described in the Benefit Summary. You may also change your election of coverage within 30 days of a life event change. Changes elected during the annual enrolment period take effect on the following January 1st. Changes elected within 30 days of a life event change take effect on the date of the life event change. If proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health. If you are not actively working when an increase in coverage occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work. Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002*.

Limitation period for any other province:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* or other applicable legislation of your province or territory.

Legal actions for self-insured benefits

Where the applicable legislation of your province or territory permits the use of a different limitation period, every action or proceeding for the recovery of money payable under the plan is absolutely barred unless it is commenced within one year of the date that we must receive your claim forms. Otherwise, every action or proceeding for the recovery of money payable under the plan must be commenced within the time set out in the applicable legislation of your province or territory.

Proof of disability

From time to time, Sun Life can require that you provide us with proof of your continued total disability. If you do not provide this information within 90 days of the request, you may not be entitled to some or all benefit payments.

Coordinating your benefits with another plan

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, the maximum amount that you can receive from all plans is:

- 100% of the total actual expenses, for Dental Care.
- 100% of the total eligible expenses, for Extended Health Care.

When you have more than one plan, insurance industry standards determine which plan you should claim expenses from first.

Please send in claims for you and your spouse/partner ***in the following order:***

- First, send in the claim to the plan where the person is covered as an employee. If the person is an employee under two plans, send the claim to the different plans in the following order:
  - to the plan where the person is covered as an active full-time employee.
  - then, to the plan where they are covered as an active part-time employee.
  - then, to the plan where they are covered as a retiree.
- Next, send the claim to the plan where the person is covered as a dependent.

Please send in claims for a child in the following order:

- First, send in the claim to the plan where the child is covered as an employee.
- Then, to the plan where they are covered under a student health or dental plan through their educational institution.
- Then, to the plan of whichever parent has the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's/partner's birthday is June 5, you must claim under your plan first.

When you send us a claim, you must tell us about all other equivalent coverage that you or your dependents have.

Medical examination

We may require that you or your dependent have a medical examination if you make a claim. We will pay for the examination. If the person fails or refuses to have an examination, we will not pay any benefits.

Recovering overpayments

If we have overpaid any amount of benefit, we have the right to recover this money. We will:

- ask you to reimburse us,
- deduct that amount from other benefit payments, or
- recover that amount by any other legal means available.

Assignments

For Life benefits – You may not assign any rights or interests to anyone.
For all other benefits – We reserve the right to deny your request for an assignment.

Extended Health Care

Plan administrator

This benefit is administered by Sun Life Assurance Company of Canada.

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

Eligible expenses mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

Reasonable and customary charges mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and
- charges for services and supplies that represent reasonable treatment, considering the duration of services and how frequently services and supplies are provided.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Reference to Doctor may also include a nurse practitioner – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs* outlined in the Benefit Summary.

Claiming when the expense is incurred	You must claim an expense for the benefit year in which you incur the expense. You incur an expense on the date you receive the service or purchase or rent supplies. The benefit year is indicated in the Benefit Summary. See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.
Reimbursement level	Claims will be paid up to the reimbursement level under this plan. **For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.**

Prescription drugs

Prescription drugs	We will cover the cost of the drugs and supplies that are listed in the Benefit Summary.
Quantity limit	Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.
What is not covered	We will not pay for the following, even when prescribed: • infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments. • the cost of giving injections, serums and vaccines. • proteins and food or dietary supplements. • hair growth stimulants. • drugs that are used for cosmetic purposes. • natural health products, whether or not they have a Natural Product Number (NPN). • drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.
Drug evaluation	The following drugs will be evaluated and must be approved by us to be eligible for coverage: • drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017. • drugs covered under this plan and subject to a significant increase in cost. Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval. We will assess the eligibility of the drug based on factors such as: • comparative analysis of the drug cost and its clinical effectiveness. • recommendations by health technology assessment organizations and provinces. • availability of other drugs treating the same or similar condition(s). • plan sustainability.
Prior authorization program	The prior authorization (PA) program applies to a limited number of drugs, where you must get approval in advance for coverage under the program. In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form. You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as: • Health Canada Product Monograph. • recognized clinical guidelines. • comparative analysis of the drug cost and its clinical effectiveness. • recommendations by health technology assessment organizations and provinces. • your response to preferred drug therapy. If not, your claim will be declined. See *How to Connect with Sun Life Financial* at the beginning of this booklet for information on how to obtain our prior authorization forms.

Reference Drug Program	The Reference Drug Program (RDP) applies to select drugs determined by Sun Life. Under RDP, Sun Life will: • group together a set of drugs that are used to treat the same condition(s) in the same or similar way (a *therapeutic category*). • determine the most cost-effective drug within a *therapeutic category* (the *Reference Drug*), considering such factors as cost to the plan, provincial programs, safety and clinical effectiveness. • limit the eligible cost of drugs in a particular *therapeutic category* to the eligible cost of the *Reference Drug* (the *Reference Drug Limit*). • apply the *Reference Drug Limit* to select province(s), excluding Québec. The selected province(s) may vary with each *therapeutic category*. For all *therapeutic categories*, the *Reference Drug Limit* applies to covered persons in the selected provinces having no previous claims for a non-*Reference Drug*. The *Reference Drug Limit* may also apply to covered persons with previous claims for a non-*Reference Drug* depending upon the *therapeutic category* and such factors as: • clinical support for switching to the *Reference Drug*. • expected duration of treatment. • provincial programs. Any claim submitted under this plan within 120 days before the date that Sun Life applies the *Reference Drug* to the plan is a previous claim. Any drug other than the *Reference Drug* in a *therapeutic category* is a non-*Reference Drug*. When the *Reference Drug Limit* applies, charges in excess of this limit are not covered, unless there is a medical reason for the covered person to take the non-*Reference Drug*. To assess medical necessity, Sun Life will require the covered person and the attending doctor to complete and submit an exception form.

Hospital expenses in your province

Hospital	We will cover the cost of room and board in a hospital in the province where you live, as indicated in the Benefit Summary. A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.
Convalescent hospital	We will cover the cost of room and board in a convalescent hospital, as indicated in the Benefit Summary, if this care has been ordered by a doctor and as long as it is primarily for rehabilitation, and not for custodial care. A *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

Expenses out of your province

Expenses out of your province	We will cover emergency services while you are outside the province where you live. We will also cover referred services. **For both emergency services and referred services, the reimbursement level is indicated in the Benefit Summary.** For both emergency services and referred services, we will cover the cost of: • a semi-private hospital room • other hospital services provided outside of Canada • out-patient services in a hospital • the services of a doctor
Emergency services	We will only cover emergency services obtained within the time limit indicated in the Benefit Summary. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged. *Emergency services* mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established treatment program that existed before they left their home province. *Emergency* means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor. **Contact us right away in an emergency!** You or someone with you must contact Sun Life's Emergency Travel Assistance (ETA) provider right away. Sun Life's ETA provider must approve all invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan) before you have them. **If Sun Life's ETA provider does not hear from you first, before** you receive emergency services, and we determine that someone could have reasonably made contact on your behalf, Sun Life has the right to deny or limit payments for all expenses related to that emergency. In extreme circumstances where contact with Sun Life's ETA provider cannot be made before services are provided, you must contact Sun Life's ETA provider as soon as possible afterwards. An emergency ends when Sun Life's ETA provider, based on available medical evidence, deems you medically stable to return to the province where you live.

Emergency services excluded from coverage	Any expenses related to the following emergency services are not covered: • services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services. • services relating to an illness or injury which caused the emergency, after such emergency ends. • continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Sun Life's ETA provider, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return. • services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services. • where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury
Referred services	*Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. Your provincial medicare plan must agree in writing to pay benefits for the referred services. All referred services must be obtained in Canada, if available, regardless of any waiting lists. However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency Travel Assistance

Plan administrator

This benefit is administered by Sun Life Assurance Company of Canada.

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. We will only cover emergency services obtained within the time limit indicated in the Benefit Summary. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

The emergency services excluded from coverage, and all other conditions including maximums, limitations and exclusions that apply to your Extended Health Care coverage also apply to Medi-Passport.

Bring your Travel card with you! There you will find telephone numbers and the information you'll need to confirm your coverage and get help.

Getting help	**Contact us right away in an emergency!** You or someone with you must contact Sun Life's Emergency Travel Assistance (ETA) provider right away. **If Sun Life's ETA provider does not hear from you first, before** you receive emergency services, and we determine that someone could have reasonably made contact on your behalf, Sun Life has the right to deny or limit payments for all expenses related to that emergency. In extreme circumstances where contact with Sun Life's ETA provider cannot be made before services are provided, you must contact Sun Life's ETA provider as soon as possible afterwards. Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card. Sun Life's ETA provider may arrange for:
On the spot medical assistance	Sun Life's ETA provider will provide referrals to physicians, pharmacists and medical facilities. As soon as Sun Life's ETA provider is notified that you have a medical emergency, its staff, or a physician designated by Sun Life's ETA provider, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Sun Life's ETA provider will also guarantee or advance payment of the expenses incurred to the provider of the medical service. Sun Life's ETA provider will provide translation services in any major language that may be needed to communicate with local medical personnel.

	Sun Life's ETA provider will transmit an urgent message from you to your home, business or other location. Sun Life's ETA provider will keep messages to be picked up in its offices for up to 15 days.
Transportation home or to a different medical facility	Sun Life's ETA provider may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home. In these cases, Sun Life's ETA provider will arrange, guarantee, and if necessary, advance the payment for your transportation. Sun Life or Sun Life's ETA provider, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.
Meals and accommodations expenses	If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Sun Life's ETA provider will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of $150 a day for each person for up to 7 days. Sun Life's ETA provider will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Sun Life's ETA provider, are not yet able to travel. We will pay a maximum of $150 a day for up to 5 days.
Travel expenses home if stranded	Sun Life's ETA provider will arrange and, if necessary, advance funds for transportation to the province where you live: • for you if, due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated (sent home); or • **for a child** if, due to a medical emergency, you need to be admitted to hospital and they are left unattended while travelling with you outside the province where you live. We provide this benefit for children who are under 16 or mentally or physically handicapped. If necessary, in the case of such a child, Sun Life's ETA provider will also make arrangements and advance funds for a qualified person to go home with the child as their attendant. We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.
Travel expenses of family members	Sun Life's ETA provider will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the hospital where you are: • if you are there for more than 7 days in a row, and • if you are travelling alone or you are travelling only with a child who is under 16 or mentally or physically handicapped. We will pay up to $150 a day for the family member to eat and stay at a commercial establishment up to 7 days.

Returning you home (repatriation)	If you die while out of the province where you live, Sun Life's ETA provider will pay up to $5,000 to do the following: • arrange for all necessary government authorizations. • arrange for the return of your remains in an approved container.
Returning your vehicle	Sun Life's ETA provider will arrange and, if necessary, advance funds up to $500 to return a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from doing so.
Lost luggage or documents	If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Sun Life's ETA provider will direct you in how to arrange for replacement of travel documents or who to contact about your lost or stolen luggage. This is a service only. There is no benefit amount payable in the event of lost or stolen luggage or documents.
Limits on advances	Advances will not be made for requests of less than $200. Requests in excess of $200 will be made in full up to a maximum of $10,000.
Reimbursement of expenses	If you obtain confirmation from Sun Life's ETA provider that you are covered and a medical emergency exists, Sun Life will reimburse you for services and supplies that you paid for and that are covered by this plan. In this situation, you should do the following: • keep the receipts. • always obtain a fully itemized bill for any hospital treatment. • within 30 days of your return home, complete an Extended Health Care claim form, include original receipts and any itemized bills, and send directly to Sun Life's ETA provider. Sun Life's ETA provider's address can be obtained by visiting our Sun Life Financial Plan Member Services website at www.mysunlife.ca or by calling our Sun Life Financial Customer Care centre toll-free number 1-866-896-6976. Sun Life's ETA provider will ask you to sign a form authorizing them to act on your behalf with your provincial medicare plan. You must sign and return this form to Sun Life's ETA provider before your claim can be processed.
Coordination of coverage	If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association. The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.
Your responsibility for advances	You will have to reimburse Sun Life for any of the following amounts advanced by Sun Life's ETA provider: • any amounts which are or will be reimbursed to you by your provincial medicare plan. • that portion of any amount which exceeds the maximum amount of your coverage under this plan. • amounts paid for services or supplies not covered by this plan. • amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you. Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received.

Limits on Emergency Travel Assistance coverage	There are countries where Sun Life's ETA provider is not currently available for various reasons. For the latest information, please call Sun Life's ETA provider before you leave on your trip. Sun Life's ETA provider reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of: • a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident, terrorism or an act of God. • a refusal of authorities in the country to permit Sun Life's ETA provider to fully provide service to the best of its ability during any such occurrence.
Liability of Sun Life or Sun Life's ETA provider	Neither Sun Life nor Sun Life's ETA provider will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

Plan administrator

This benefit is administered by Sun Life Assurance Company of Canada.

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable and customary charges**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term fee guide may also mean an adjusted fee guide established by Sun Life.

Reasonable and customary charges mean:

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and
- charges of a reasonable frequency and duration, as determined by Sun Life.

We will base payments on the fee guide at the time the person receives the treatment.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service	It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.
Claiming when the expense is incurred	You must claim an expense for the benefit year in which you incurred the expense. The benefit year is indicated in the Benefit Summary. You incur an expense on the date your dentist performs a single appointment procedure. For procedures which take more than one appointment, you incur an expense once the entire procedure is completed, except for orthodontic procedures where an expense is incurred for each appointment. See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.
Reimbursement level	Claims will be paid up to the reimbursement level under this plan. **For each type of service listed below, the reimbursement level is indicated in the Benefit Summary**.
Maximum benefit	Maximums are indicated in the Benefit Summary.

Getting an estimate before you have certain procedures	For any major treatment or any procedure that will cost more than $500, we suggest that you send us an estimate before the work is done. Here's what to expect: • you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. • both you and the dentist will have to complete parts of the claim form. • we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Health Spending Account

Plan administrator

This benefit is administered by Sun Life Assurance Company of Canada.

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

Your Health Spending Account coverage provides reimbursement to you for services or supplies described in this section under *Eligible expenses*.

An expense is incurred on the date the services are received or the supplies are purchased or rented. Eligible expenses incurred by a dependent are also covered. Coverage applies only to eligible expenses incurred after the employee becomes covered under the Health Spending Account and before the date the Health Spending Account ends.

A dependent is your spouse/partner, your children or any other person whom you may claim as dependents under the Income Tax Act (Canada). For example, this could include members of your extended family, such as your parents, grandparents or grandchildren. You can claim eligible expenses for dependents even if they are not covered under your Extended Health Care or Dental Care benefits.

The benefit year is indicated in the Benefit Summary.

How your Health Spending Account works	Your Health Spending Account works like an expense account. Your employer will allocate credits to your account in the manner described under *Credits* in the Benefit Summary. Each time you submit a Health Spending Account claim, either for yourself or for a dependent, you will be reimbursed for eligible expenses described in this section under *Eligible expenses*, up to the balance of your Health Spending Account.
Balance carry-forward	This plan is set up with a ***balance carry-forward*** feature. This means that you may be reimbursed for eligible expenses incurred in a benefit year using credits received during that benefit year, as well as any unused credits that have been carried forward from the previous benefit year. In other words, any credits remaining in your Health Spending Account at the end of one benefit year will be carried forward and may be used to reimburse you for eligible expenses incurred in the following benefit year. Credits that are carried forward from one benefit year to the next will be lost at the end of the second benefit year if you have not used them by then. Carried forward credits are always used before new credits are used. See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim. There are a number of reasons why the Health Spending Account is tax-effective for you. Eligible expenses are specifically limited to expenses not paid, or not paid in full, under another plan or under another benefit of this plan. If you paid for these expenses on your own, you would have to use expensive "after-tax" dollars. On the other hand, your Health Spending Account is sheltered from federal and provincial (except Québec) income tax. In most circumstances, this means that when you use credits to pay for expenses, you are using less expensive "pre-tax" dollars. The result is extra savings for you.

Eligible expenses

You can use your Health Spending Account to cover medical, hospital and dental expenses that are eligible under the Income Tax Act (Canada) and are not paid, or not paid in full, under your group plan, your spouse's/partner's plan or any government-sponsored plan.

Eligible expenses include but are not limited to the items listed below:

- portion of expenses not covered by a health or dental benefits plan such as deductibles, coinsurances or amounts over plan maximums.
- premiums for health or dental benefits.
- drugs or other preparations when prescribed by a qualified medical practitioner or dentist and dispensed by a pharmacist.
- services performed by a qualified medical or dental practitioner.
- payments to a hospital or another facility such as nursing home, special school, institution or other place for care and training of a mentally or physically impaired individual.
- remuneration of a full-time attendant, or for the cost of full-time care in a nursing home of a mentally or physically impaired individual. Condition must be certified by a qualified medical practitioner.
- emergency services or referred services outside the person's province of residence.
- eyeglasses, contact lenses or laser eye correction surgery when prescribed by a qualified medical practitioner.
- medical devices, supplies or equipment when prescribed by a qualified medical practitioner.
- diagnostic screening, laboratory or radiological procedures when prescribed by a qualified medical practitioner.
- reasonable expenses relating to rehabilitative therapy, including training in lip reading and sign language, incurred to adjust for the patient's hearing or speech loss.
- transportation costs to transfer a patient and one additional person (if necessary) to receive medical services, if conditions for transportation expenses are satisfied and the distance travelled is at least 40 kilometres.
- reasonable expenses for meals and accommodation for the patient and, if required, the accompanying individual, if conditions for transportation expenses are satisfied and the distance travelled is at least 80 kilometres.
- costs of acquisition, care and maintenance (including food and veterinary care) of an animal specially trained to assist a patient who is blind or profoundly deaf or has a severe and prolonged impairment that markedly restricts the use of arms or legs.
- modifications to the principal home of the person who lacks normal physical development or who has severe and prolonged mobility impairment, to enable the person to gain access to a dwelling or to be functional within it.
- reasonable expenses to locate a bone marrow or organ transplant donor, and reasonable travelling, board and lodging expenses of the donor and the patient in respect of the transplant.

Qualified means a person who is a member of the appropriate governing body established by the provincial government for their profession. In the absence of a governing body, the person must be an active member of an association approved by us.

Other coverage

If you or your eligible dependents have coverage under another plan, you should submit your claims to the other plan first. Once benefits have been determined under the other plan, you can submit any unpaid portion of the claim for payment from your Health Spending Account.

When coverage ends

See the Benefit Summary at the beginning of this booklet to see when your coverage ends.

Surviving dependent coverage

Long-Term Disability

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Long-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Long-Term Disability coverage:

- during the elimination period and the following 24 months (this period is known as the own occupation period), we consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own occupation, in any workplace, including in a different department or location with your employer or with another employer, and
- afterwards, we will consider you to be totally disabled while you are continuously unable due to an illness to perform any occupation, for any employer, for which you are or may become reasonably qualified by education, training or experience.

The availability of work with any employer does not affect the determination of total disability.

We pay these benefits at the end of each month. We base them on your coverage on the date you became totally disabled.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin	Your Long-Term Disability payments begin **on the later of** the following dates: • after you have been totally disabled for the uninterrupted period indicated in the Benefit Summary. • after the last day benefits are payable under any short-term disability, loss of income replacement (excluding income received from the employer as a direct result of an approved W.C.B. related disability claim) or other salary continuation plan, whichever is later. This period, which must be completed before disability benefits become payable is called the **elimination period.**
What we will pay	Here is how we calculate your Long-Term Disability payments. All references to benefits and payments in this disability provision are to the gross amounts before any deductions. **Step 1: We take the maximum amount indicated in the Benefit Summary.** **Step 2: We subtract any benefits or payments provided under:** • any government-sponsored plan such as the Canada Pension Plan and the Québec Pension Plan, excluding any benefits or payments on behalf of a dependent, for the same or a subsequent disability. • any Workers' Compensation Act or similar law for the same or a subsequent disability. • a motor vehicle insurance plan. • as part of an income replacement received from the employer as a direct result of an approved Workers' Compensation Board related disability claim. • a group plan, including any coverage you have because you are a member of an

association but excluding any benefits or payments provided under a Critical Illness plan.
- a retirement or pension plan funded in whole or in part by your employer, due to your disability or a medical condition.
- the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

Take the result you got in Step 2, add the above sources of benefits and payments plus the other sources of benefits and payments listed below and check the total you get. If it's more than 85% of your eligible compensation when your disability began, we will reduce your Long-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

Other sources of benefits and payments:

- any Workers' Compensation Act or similar law for another disability.
- any Criminal Injuries Compensation Act or similar law.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Long-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Long-Term Disability benefit payments when appropriate under the above provision

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 12 months of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date you become totally disabled.

Rehabilitation / Partial disability program

Sun Life may require you to participate in a partial disability or rehabilitation program that we have approved in writing.

This may include one or more of the following:

- consulting our rehabilitation specialist,
- part-time work,
- working in another occupation or vocational training to help you become capable of full-time employment.

During your rehabilitation program, you may receive Long-Term Disability payments plus income, benefits and payments from other sources.

However, if during any month the total of any income, benefits and payments provided is more than 100% of your eligible compensation when your disability began, indexed for inflation, your Long-Term Disability payment will be reduced by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

You should consider participating in a partial disability or rehabilitation program as soon as possible after becoming disabled. If you enter a partial disability or rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Your participation in a partial disability program will be limited to the own occupation period.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

What you are responsible to do

During your total disability, you must make reasonable efforts to do all of the following. If you do not, Sun Life may hold back or discontinue benefits.

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- receive training to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to get work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

When payments end

Your Long-Term Disability payments end **on the earlier of** the following dates:

- the date you are no longer totally disabled.
- the end of the maximum benefit period indicated in the Benefit Summary.
- the last day of the month in which you retire with a pension or are eligible to retire with a full pension or a full pension equivalent.

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Critical Illness coverage provides a benefit if, after the effective date of coverage, and while coverage is in force, you or your dependent (spouse/partner or child) have a diagnosis of a covered condition, or you or your dependent have surgery for a covered condition, as indicated below under *What we will pay*.

See the Benefit Summary at the beginning of this booklet to see the amount of coverage and the date coverage ends.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

To qualify for this coverage, the person must be a resident of Canada.

What we will pay	We will pay the Critical Illness benefit if, after the effective date of coverage, and while coverage is in force, you or your dependent (spouse/partner or child) have a diagnosis of a covered condition, or you or your dependent have surgery for a covered condition, subject to the survival period. Claims will be assessed based on the Critical Illness provisions in effect on the date of diagnosis or surgery. The Critical Illness benefit is payable only on the first covered condition for which a diagnosis is effective, or surgery is performed, and the person's coverage then terminates. Such person may not become covered again under this benefit. We reserve the right to require examination of the covered person and confirmation of any diagnosis of or surgery for any covered condition, by a medical practitioner appointed by us in order for any Critical Illness benefit to become payable.
Diagnosis	Diagnosis means a written diagnosis by a physician or specialist physician, licensed and practicing in Canada, of the covered condition. Any diagnosis must be made while coverage is in force and will be effective as of the date it is established by the physician or specialist physician, as supported by the covered person's medical records. Any diagnosis of a covered condition that was made prior to the effective date of coverage will not be covered.
Life support	Life support means the covered person is under the regular care of a licensed physician or specialist physician for nutritional, respiratory and/or cardiovascular support when irreversible cessation of all functions of the brain has occurred.
Physician	Physician means a legally and professionally qualified medical practitioner practicing in Canada. The physician providing the diagnosis or treating the covered person must not be the covered person, a relative of the covered person, or a person who normally resides in the covered person's household.

Specialist physician

Specialist physician means a licensed medical practitioner who has been trained in the specific area of medicine relevant to the covered critical illness condition for which a benefit is being claimed, and who has been certified by a speciality examining board. In the absence or unavailability of a specialist physician, and as approved by Sun Life, a condition may be diagnosed by a qualified medical practitioner practicing in Canada. The specialist physician providing the diagnosis or treating the covered person must not be the covered person, a relative of the covered person, or a person who normally resides in the covered person's household.

Surgery

Surgery means a medical operation performed on the covered person and recommended by a physician or specialist physician, licensed and practicing in Canada.

Survival period

Survival period means the period starting on the date of diagnosis of the critical condition and ending 30 days following the date of diagnosis of the critical condition, unless a covered condition described below expressly modifies this definition. The survival period does not include the number of days on life support. The covered person must be alive at the end of the survival period and must not have experienced irreversible cessation of all functions of the brain.

Who we will pay

The Critical Illness benefit is payable to you or, in the event of your death, to your estate.

Changes in coverage

Changes in the amount of coverage or covered conditions may occur as the result of an employment status change or a change in plan design.

Changes in the amount of coverage

If you are not actively working on the date a change occurs, refer to *Changes affecting your coverage* in the *General Information* section to understand the effective date of any change to the amount of Critical Illness coverage.

The *Pre-existing conditions* provision under *What is not covered* will apply to increased amounts of coverage as described in that provision.

Other changes

If new Critical Illness conditions are added to this plan, the new Critical Illness conditions will only apply to:

- employees who are actively working; and
- employees already having Critical Illness coverage

on the date that the change occurs. The effective date of coverage for the new covered conditions is the date of the change to the plan.

If you are not actively working when the change occurs, the change will take effect when you return to active work and such date will be your effective date of coverage for the new covered conditions.

In all instances, we will:

- apply the effective date of coverage to determine your eligibility for a Critical Illness benefit payment; and
- apply the effective date of coverage for the new covered conditions to any exclusions or limitations under this plan, including the *Pre-existing conditions* provision. Such exclusions and limitations will be applied to the new covered conditions even if the explicit wording of this plan provides otherwise, including where proof of good health was previously required for your coverage.

If the definition of a Critical Illness condition is changed, we will adjudicate any claim for a Critical Illness benefit based on the definition of that Critical Illness condition in effect on the date of the diagnosis or surgery, regardless of whether you were actively working on the date of the change.

In the event of a change of carrier, the following rules apply to any employee who was covered under the previous group contract on the date immediately preceding the effective date of coverage under this plan:

- the new plan, including coverage for any new Critical Illness conditions which were not included under the previous carrier's plan, applies to all employees on the effective date of this plan, regardless of whether the employee is actively working on such date;
- for any new Critical Illness conditions referred to above, when applying the *Pre-existing conditions* provision or any other exclusion or limitations of this plan, the effective date of coverage is the effective date of this plan; and
- for Critical Illness conditions under this plan which were also covered under the previous carrier's plan, when applying the *Pre-existing conditions* provision or any other exclusion or limitation of this plan, the effective date of coverage is the date the employee most recently became covered under the previous carrier's plan.

If an employee received a Critical Illness benefit payment under the previous carrier's plan, then such employee will not be covered under this plan for that Critical Illness condition for which a benefit payment was already made.

Sun Life is not responsible for any claim where the date of diagnosis or surgery, as applicable, is before the effective date of this plan.

This benefit is limited to (a) a monthly amount not to exceed $2,500.00 and (b) a total of 12 months for any covered Accident. Benefits are retroactive to the first day of hospital confinement.

Rehabilitation Benefit
If, following an Injury which results in a Loss covered by the policy, you require special training in order to be qualified to engage in a special occupation in which you would not have engaged except for such Injury, the insurer will pay the reasonable and necessary expense incurred for such training within two years of the date of the Accident, subject to a maximum of $15,000.00 as the result of any one Accident.

Repatriation Benefit
If Injury results in loss of life for you, your insured spouse/partner or insured dependent child and indemnity becomes payable under the policy, the insurer will pay the reasonable and necessary expenses actually incurred for preparation and transport of the body to the city of residence, subject to a maximum of $15,000.00.

Seat Belt Benefit
If, due to a vehicular Accident, Injury results in a loss covered by the policy, the Principal Sum applicable to you, your insured spouse/partner or insured dependent child will be increased by 10% to a maximum of $25,000.00 if, at the time of the Accident, you, your insured spouse/partner or insured dependent child were driving or riding in a vehicle and wearing a properly fastened seat belt. The driver of the vehicle must hold a current and valid driver's license authorizing him to operate such vehicle and neither be intoxicated nor under the influence of drugs at the time of the Accident. Due proof of seat belt use must be provided as part of the written proof of loss.

Spousal Retraining Benefit
If Injury results in your loss of life and indemnity becomes payable under the policy, the insurer will pay the reasonable and necessary expenses actually incurred within three years from the date of such Accident by your spouse/partner who engages in a formal occupational training program in order to become specifically qualified for active employment in an occupation for which he would not otherwise have sufficient qualifications, subject to a maximum of $15,000.00 for all such expenses.

Surgical Reattachment Benefit
If Injury results in the complete severance of your, your insured spouse's/partner's or insured dependent child's limb or appendage or part of either a limb or appendage, and if such severed limb, appendage or part is surgically reattached, the insurer will pay the Surgical Reattachment Benefit in accordance with the limitations outlined in the policy. The maximum amount payable for this benefit and "Accidental Death, Dismemberment and Specific Loss Indemnity" of the policy is the Principal Sum for all losses sustained by you, your insured spouse/partner or insured dependent child as the result of any one Accident.

Waiver of Premium
In the event you become totally disabled while under age 65 and your waiver of premium claim is accepted and approved under your employer's current Group Life policy, premiums payable under the Voluntary A.D.&D. policy will be waived as of the same date the claim is accepted and approved by the Group Life policy Underwriter.

Aggregate Limit of Indemnity

The policy is subject to the following Aggregate Limits of Indemnity:

(a) $15,000,000.00 for all losses resulting from any one *offshore oil rig* Accident, combined under Basic A.D.&D. Policy No. 100011489 and Voluntary A.D.&D. Policy No. 100011496; or

This means that in the event of an Accident that results in an accumulation of losses exceeding 15,000,000.00 or $3,000,000.00 (as applicable), the amount payable with respect to each Insured Person will be reduced proportionately.
